Letter of Recommendation for Mr Karlo Škorić

To Whom It May Concern,

It is my pleasure to recommend Mr. Karlo Škorić for the EPP Group Traineeship Programme in Brussels. I had the opportunity to engage with Mr. Škorić during our conversation on the Libertas Talks podcast, where we discussed topics such as democracy, European identity, and the future of European integration. I was particularly impressed by his thoughtful questions, analytical approach, and genuine passion for European affairs.

Mr. Škorić demonstrates a remarkable ability to grasp complex political issues and communicate them clearly, reflecting both intellectual curiosity and a dedication to learning. His commitment to understanding European policies and institutions, combined with his motivation to contribute positively to the European project, makes him a great candidate for this traineeship.

I am confident that Mr. Škorić will bring energy, professionalism, and a strong commitment to European values to the EPP Group. I fully support his application and believe he would be an excellent addition to the team, capable of contributing meaningfully to ongoing projects while further developing his expertise in European politics.

Sincerely,

Davor Ivo Stier
Member of the European Parliament
