RECOMMENDATION LETTER FOR KARLO ŠKORIĆ

To Whom It May Concern,

It is my great pleasure to recommend Mr. Karlo Škorić, a Master's student in International Relations and Diplomacy at Libertas International University in Zagreb, for the Traineeship Programme.

As Vice-rector for Education, Students and Study Programs, I have had the opportunity to work closely with Mr. Škorić throughout his studies and during his two-year term as President of the Student Union of the Libertats International University. He has consistently stood out as one of the most engaged, capable, and mature students I have encountered.

In his academic work, Mr. Škorić demonstrates analytical precision, a deep understanding of European integration processes, and the ability to connect theory with practice. He completed his Bachelor's degree with top honors and continues to perform at the highest level in his Master's programme, particularly excelling in courses related to European governance and diplomacy.

As President of the Student Union, he successfully led initiatives that strengthened student representation, transparency, and inclusion within our institution, notably implementing projects that promoted equality and student well-being on campus. His leadership combined strategic vision with empathy and accountability, earning him the respect of both peers and faculty.

Mr. Škorić has also shown exceptional commitment to the European project. As the co-founder and host of the *Libertas Talks* podcast, he has engaged in informed discussions with leading Croatian and European political figures, including Members of the European Parliament and former government ministers.

He representeted Libertas and Croatian students internationally, as a member of the Croatian Students' Council (CSC) in the European Students' Union (ESU), and a participant in ConSIMium 2024, the Council of the EU's official simulation in Brussels. These experiences demonstrate his readiness to contribute constructively within European institutions.

In every context, Mr. Škorić displays integrity, discipline, and genuine commitment to public service, values that align perfectly with the principles. I am confident that he will bring to the Traineeship the same level of professionalism, intellectual curiosity, and civic responsibility he has shown at our university.

I therefore offer him my highest recommendation without reservation.

Sincerely,

assoc. prof. dr. sc. Stipe Buzar
Vice-rector for Education, Students and Study Programmes
