LETTER OF RECOMMENDATION

To Whom It May Concern,

I am pleased to support the application of **Mr. Karlo Škorić** for the EPP Group Traineeship Programme.

My interactions with Mr. Škorić have been through his work on the *Libertas Talks* podcast, where he hosted several episodes with Members of the European Parliament, including myself.

In these engagements, he demonstrated professionalism, thorough preparation, and a sound understanding of EU policymaking processes. His questions reflected a strong grasp of current EU policies, particularly in health, digitalisation, and education, areas important to the work of the European People's Party. Beyond his communication skills, Mr. Škorić has shown leadership and civic engagement through his public-facing work.

I am confident that Mr. Škorić would contribute positively to the EPP Group, combining intellectual curiosity, analytical competence, and dedication to the European project. He reflects the values of responsibility, solidarity, and engagement that define our political family.

I recommend Mr. Škorić for your consideration.

Sincerely,

Tomislav Sokol, PhD

Member of the European Parliament

European People's Party (EPP Group)
